

MEGHAN MONARCH BOOK CLUB BOX INFORMATION

- **Q1: What is a book club box?**

- **A1:** This is a special curated package I put together myself for book clubs who would like to read one of my works as a group.

- **Q2: What does the book club box include?**

- **A2:** A **signed set of the book** of the club's choosing for each member that I wrap carefully to ensure safe arrival (*personalization is available*), a **matching bookmark**, a **monarch bookmark**, **FREE matching swag packs** for each member (*swag packs for each book vary*), a **set of book club questions**, and a thank you card with a link to set up a **virtual LIVE Q&A meet-and-greet** with me! *There could always be other special surprises from me, too (tee hee).*

- **Q3: Why did you start this?**

- **A3:** Because, even as an author, I am personally part of a local book club as a reader, too, and I love it. I also love meeting other authors and buying signed copies for myself. Even though I write my own stories, I still geek out about books like my fellow readers do, too. I am officially both, and that will never change. As a book club member myself, I thought about how cool it would be if we could ask some of our favorite authors to do the same, and I figured...Why don't I offer this to readers? It's unique and fun!

- **Q4: How much does the box cost?**

- **A4:** *Pricing will vary based on the book*, but the **books and shipping is all you will pay for between the group of you** because *swag packs and the meet-and-greet are included for **FREE***. I have book prices listed below **BEFORE** shipping:
 - *Saving Tatum* = **\$20 per book**
 - *Rooting for Kiran* = **\$10 per book**
 - *Diving in With Alioth* = **\$10 per book**
